IP Trap User Manual.

The IP Trap Admin Page.

From this page you are able to carry out table maintenance on the IP Trap, you can

- Add an IP
- Delete an IP
- Change an IP state from Whitelist to Blacklist or vis versa
- View IP numbers and associated information
- Investigate information on the IP number via a link.
- View if the IP was entered by an admin of were trapped.

Add your IP to the IP Trap Whitelist via Admin.

To add your own IP number to the white list
To find you own IP number use an online tool such as http://www.ip-adress.com/
Make a note of your IP number.
Goto your admin / Ip trap

Click on "Insert"

Enter your IP

Select "Add to WhiteList"

Click on "Insert"

Your IP Number is now added to the whitelist.

The image above presents how the line looks, there are no User Agent or Host Names associated with a manual addition

IP Number and link.
